

Laity Empowered for Active Discipleship

Scholarship Application

The Judy Dale Memorial Fund has been established to assist persons interested in, or who are in the process of, pursuing the lay leader certificate through the Metropolitan Community Church's program Laity Empowered for Active Discipleship (L.E.A.D.).

The Co-Coordinator of the L.E.A.D. program are aware that the cost of the program may be a hardship for individuals who are in the process of, or who are interested in obtaining, lay leadership training through L.E.A.D.

At the same time, we recognize that one of the ways persons show a commitment to pursuing a significant achievement is the willingness to invest both their time and their treasures to obtain that goal. With that realization in mind, and because it is important to provide scholarship funds to as many individuals as possible, scholarship funds will be made available to qualified scholarship applicants to defray a portion of the cost of tuition or registration fees for various L.E.A.D. course requirements or electives.

Individuals interested in being considered for scholarship funds should complete this application and send it to Marina Laws at MarinaLaws@MCCchurch.net
